## A. PURPOSE OF THE GREENHOUSE PROJECT

This is an important place to start. A greenhouse is like a vehicle: it is a tool that has many uses, so you need to be clear on your vision.

**For each question, check ALL answers that apply.** If you check multiple boxes, it's helpful to provide ...

**A1. What is the purpose of the greenhouse?**

- ☐ Business/economic development
- ☐ Education/training
- ☐ Community development (public enjoyment, ceremonies, traditional teachings, etc.)
- ☐ Job creation
- ☐ Food security through local food production
- ☐ Aesthetic improvement (flowers and shrubs)
- ☐ Environmental improvement (reclamation, wildlife habitat, etc.)
- ☐ I do not know
- ☐ Other:

Greenhouse Planning Checklist
